**Weapons and ammunition, targets:**

your own, according to Rules of the ISSF

**Sending of results:**

(see time schedule)

The shooter sends one round result no later than 21:00 on Sunday by e-mail to the address according to the selected discipline:

ap40@onlineliga.sk

ap60@onlineliga.sk

ar40@onlineliga.sk

ar60@onlineliga.sk

together with the attached PDF file with the evaluated result. The result will not be counted for the shooter without the attached PDF file. A file exported by an electronic target, Scatt or Target Scan may not be further modified. If the additional modification of the exported PDF file is demonstrated, the shooter will be excluded from the competition.

In the case of a result from a regular competition, the shooter will send a copy of the result list with his results (e.g. photo from a mobile phone) and a link to the result list if it is published online, in such case it is not necessary to send a pdf file with targets. If the evaluation software does not evaluate the centre tens, a hit of 10.5 and higher is calculated as the centre ten for air pistol, a hit of 10.2 or higher is calculated as the centre ten for air rifle.

**Evaluation and results (processing):**

The results will be published continuously after each round.

A competitors who participated in the World Championships, European Championships or World Cup in the air rifle or air pistol

event happened between 2018 and 2021 will be deducted 5 points from each result to ensure the fairness of the competition. Shooters whose will shoot all competition's round in each part will be added one point into overall result of his part.

The each online part will be evaluated separately by calculating the average result from the two best and one worst results scored in each part.

The overall result of the online part of the competition will be calculated as the average of the two best and one worst results scored in each part, i.e. a total of six results in both online parts. In case of the same number of points, the total number of center tens decides, if it does not decide, the lowest calculated result decides (the one who has a higher one wins the match). The final match will only take place if a total of at least 30 competitors in each of the 4 disciplines are evaluated in the competition.

**Protests:**

In the online parts of the competition within one day after the publication of the result, only an error in entering the result in the result list is accepted as a protest. In the live final, protests according to the rules of ISSF with a deposit of 20 euros, which will not be returned if the protest is not accepted.

**Rewards:**

The first three in each discipline in each of the online sections will receive a diploma. Shooters who complete all 10 rounds will receive a certificate of completion of the second online league competition in Slovakia.

The winner mixed pair wins the PARDINI GPR1 air rifle and the PARDINI K12 air pistol, sponsored by PARDINI Armi Srl, the other pairs wins the prize in kind.

All participants in the final will receive a participation diploma.

**Finals Match:**

If the pandemic situation in 2022 allows it, the final match will be held in person. The top 30 shooters in each of the four disciplines will be nominated and advanced to the finals, with the overall winners of each 2021/2022 event being nominated for the live final even if they do not finish in 30th place in the same discipline they won in 2021/2022. If one of the nominated shooters does not participate in the final, he may be replaced by a substitute who will be next in line.

The "key" which will be published after the end of the second online part (in order to avoid tactics in the position in the final ranking), will be mixed pairs (one pistol and one rifle shooter), regardless of club, age or gender, so that one member of the mixed pair will be from discipline 40 and the other from discipline 60.

The mixed pairs will be divided into four groups (baskets) of 15 pairs, a total of 60 mixed pairs.

Shooters can agree in advance to form a mixed pair in the final. In order for the shooters to form a mixed pair in the final they must meet the following conditions: the pairing agreement must be sent by both shooters to the organizer before sending the first result of both shooters, both shooters must be placed in their discipline in the overall ranking in 30th place, they must not be from one club (except for family couples, i.e. spouses, parent and child, grandparent and grandchild, siblings) and must shoot a combination of opposite disciplines (i.e. air rifle and air pistol) one for 60 competition shots and the other for 40 competition shots. If one shooter does not place 30th place in the overall ranking of his discipline from the pre-announced pair, the second shooter will advance to the finals as an individual and will be assigned to the pair according to the specified "key" valid for creating mixed pairs in the finals. The first four mixed pairs from the live final in Martin on Jun, 2021 have a fix nomination for the live final in 2022, if they participate in the online part and agree on a joint mixed pair in advance. In case of their absence, the shooters nominated for the live finals may be represented by substitutes from among the participants in the online part of the competition.

The created mixed pairs will shoot 30 shots (each member of the pair) to decimal numbers in the first elimination round. After firing 30 shots, the result will be evaluated and the four best mixed pairs from each group (basket) will shoot another 20 shots (each member of the pair) in the second elimination round. After shooting the second elimination round (one) the best pair from each group (basket) will advance to the third elimination round where they will shoot another 10 shots (each member of the pair) and the result in the third round will determine which mixed pairs will shoot finals for gold and which for bronze. (according to ISSF rules for mixes.) The competition in the first and second elimination rounds are judged according to Article 6.15.1 of the ISSF rules, matches in the third round and in the final are decided by the KO shot, where each member of the mixed pair shoots one shot until the decision.

**Registration:**

by email to: [strelci@strelcom.sk](mailto:strelci@strelcom.sk)

no later than November 21st, 2021, including sending at least one result by this specified date. Later entries will be accepted, but competitors will not be evaluated in the overall ranking. It is possible to send applications to several shooters with one email, e.g. from one club. The application must state the name and surname of the shooter, year of birth, club affiliation, the discipline that the shooter will shoot (it can be both Air rifle and Air pistol) throughout the competition, the discipline can choose the shooter, may not match his/her age, contact to the shooter, brand and the model of the weapon he will shoot, the make and type of device he

uses for the race, the shooter's personal record of what type of target he will shoot at (electronic, SCATT or paper target evaluated using the TargetScan application) and contact to the shooter. If the shooter registers for both the air pistol and the air rifle, he must determine in the application in which discipline he will shoot to advance to the finals, one shooter cannot advance to the finals in two disciplines.
